On-Time Policy for
Traditional Osteopathic Manual Therapy

We know that your time is valuable. As such, we do our best to maintain a punctual schedule. Please be aware, the practices of Comprehensive and Orthopedic Manual Therapies are not a linear, therefore a practitioner may run late. We ask you to be on time for your scheduled appointment, but we also ask for your patience when a practitioner is running behind.

We do our best to call ahead and give you advanced notice if we know a practitioner will be 15 minutes or more behind schedule, but this is not always possible. We strongly recommend that you do not schedule other appointments immediately following your appointment as we will not issue a partial or total refund if you cannot stay for the completion of your appointment. Please sign below to indicate that you have read and understand this policy.
